## WORK EXPERIENCE

### Freelance Product Designer

*Eagles Creative Studio, Lagos state.*

Jan 2023 - present

- Created user-centric designs for various client projects, utilizing principles of UX/UI design to ensure functionality and aesthetic appeal.
- Collaborated with clients to capture design requirements, iterating on feedback to deliver optimal solutions.
- Employed tools such as Figma to develop wireframes, prototypes, and high-fidelity designs, improving client engagement and user experience.

### Software Development Graduate Trainee

*DFA (Digital for all)*

May, 2024 – November, 2024

- Developed proficiency in web development and design, including hands-on projects with HTML, CSS, JavaScript, and basic backend development.
- Engaged in collaborative learning to strengthen coding skills and adapt to real-world project scenarios.

## EDUCATION AND CERTIFICATIONS

---

- **SOFTWARE ENGINEERING GRADUATE TRAINEE**

Sail Innovation Lab, Lagos state.

*Expected Completion: January, 2025*

Intensive training focused on advanced full-stack development, with an emphasis on JavaScript, React, Node.js, MongoDB, and responsive design. This program included hands-on experience in both front-end and back-end technologies, enabling a comprehensive understanding of the full web development lifecycle.

- **Certified Product Designer**

BNET Learning, Lagos

*January, 2024 - May, 2024*

- **Certified Product Designer**

DFA Institute, Lagos

*Completed: May, 2024*

## PROJECTS

---

- **E-commerce Functional Web Page**

A fully functional e-commerce website featuring product listings, a shopping cart, and checkout functionality. Developed using HTML, CSS, JavaScript, and React, with a focus on responsive design and smooth user experience.

Deployed Link: <https://shopping-cart-teadev.vercel.app/>

- **Kuda Clone App**

A clone of the popular Kuda banking app designed as a personal project to enhance front-end skills. Replicated key features of the original app, focusing on layout, navigation, and interactivity using React and CSS.

Deployed Link: <https://kuda-app-teadev--six.vercel.app/>

- **Portfolio Website**

An online portfolio showcasing personal projects, skills, and experience. Designed with a clean, user-friendly interface, emphasizing a visually appealing layout that aligns with modern design standards.

Deployed Link: <https://my-portfolio-teadev.vercel.app/>

- **List of Countries API Project**

A web application that dynamically displays a list of countries using a RESTful API. Built with HTML, CSS, and JavaScript, featuring search and filter options to improve usability and user interaction.

Deployed Link: <https://countries-teadev.vercel.app/>
